Sheriff Addresses Retired Teachers

A most interesting meeting of the Appomattox Retired Teachers was held at Maudes Restaurant on last Wednesday, Feb. 25. After a delicious lunch had been served, reports were read and routine business was transacted.

Then the meeting was turned over to Sheriff Gene Richardson, who aided by County Agent J. A. Smith showed an unusually interesting, timely and informative film dealing with the matter of making and keeping one's home secure from instrusion by burglars. Mr. Richardson's remarks were very practical and appropriate, particularly at this time when burglarizing is so prevalent.

He suggestat that all doors and windows should be kept locked and that locks that cannot be pried open with a pen knife be installed on all outside doors and also that a device that could keep a locked window from being forced open should be put on all windows.

He proposed too, that if possible, serial numbers from all portable appliances be kept and that one's initials, social security number or other mark of identification should be placed on all articles of value. Even in the case of jewelry there should be some identifying mark.

Sheriff Richardson's talk was most interesting and extremely helpful. It was much appreciated by the group of teachers.

A CHOSEN PRESIDENT

Mr. Ford, you were chosen by Richard Nixon.
Right now we Americans have a poor prediction.
We do not feel that you can run this world.
Your policy is to keep things in a whirl.
When Nixon chose you we thought it was not good,
Now you have proven yourself like we thought you would.
Maybe Ronald Reagon can serve us the best,
And furnish your needs with a long good rest.
Mr. Ford, you sold our grain to the Russians and said that was real nice.
Yet, you left the Americans paying a much higher price.
Your administration already has quite a few laws on the books,
Most of them are to benefit the crooks.
As you know laws on the books are no good
Unless they apply to one and all as they should.
The Watergate was a shame,
Richard Nixon resigned, the Republicans lost their name.
The pardon for Nixon told it all,
This is seventy-six where you will fall.
Now Mr. Ford, if you want to stop crime,
Reduce all those little handguns to the price of a dime -
And when they are used in a violent way,
Put that person in the penitentiary to stay.
Stop giving to the able bodied man.
Teach him to earn his living by the use of his hands,
The person that claims to be without a job,
Is too lazy to turn a door knob.
Try taking the welfare check and food stamps away,
This person will have a job the very next day.
Now, as for Mrs. Ford wanting a woman on the Supreme Court bench.
That is her opinion and that is a cinch.
And the way she speaks on drug and affair for her unmarried daughter, proves Mrs. Ford's opinion is completely out of order.
So, Mr. Ford if you still think you can buy Russia and China, with our money and grain.
I feel your effort is lost in vain.
Pearl Harbour should be a lesson to us all,
Russia and China are making arrangements for America to fall.

"My daddy taught me two things. Milk a cow from the right, and save at Lynchburg Federal. Now Lynchburg Federal's up and changed to American Federal. I sure hope Bossie doesn't get any big ideas."

What's the big idea behind our name change? Well, it's simple. Lynchburg Federal has grown to cover a lot more than Lynchburg. And, besides, the nation's 200th birthday seemed like a nice time for us to go American. But some things you don't tamper with. Our savings rates are as friendly as ever and so are our people. So come see us. If anything, we're a little friendlier now that we're making a new name for ourselves.
